PROGRAM CHANGES

CRDP AMENDMENT

On Thursday, December 11, 2008, an Amendment to the CRDP Provider Agreement was mailed to all CRDP providers. Accompanying this Amendment was an explanatory letter and a return envelope. This Amendment changes the percentage used in the pricing algorithm from ninety percent to eighty-eight percent of the AWP. The dispensing fee of \$4.00 remains the same. This change is effective January 14, 2009.

CRDP CARDHOLDERS WITH MEDICAL ASSISTANCE

Effective January 1, 2009, claims for CRDP cardholders enrolled in Medical Assistance must be submitted to Medical Assistance for reimbursement prior to being submitted to CRDP. Claims submitted to CRDP for cardholders enrolled in both CRDP and Medical Assistance will deny **if** the medication is reimbursable by Medical Assistance. Providers with cardholders having a Part D plan, Medical Assistance, and CRDP should bill the primary plan first, Medical Assistance second and, if necessary, CRDP last.

Questions should be directed to Provider Services at
1-800-835-4080.
