Medicare Part D Plans with Premium Agreements

The following Part D plans have premium agreements with the PACE program.

PACE:

The PACE Program pays the Part D premiums, up to the regional benchmark of \$34.32, for PACE, CRDP and SPBP cardholders enrolled in one of the listed plans. Cardholders enrolled in plans with a premium higher than \$34.32 are billed by their plan for the difference. The Program does NOT help pay the Part D plan premium for individuals enrolled in a Part D plan that does not have a signed agreement.

PACENET:

PACENET cardholders enrolled in **Community CCRx Basic** * must pay the Part D plan's premium at the pharmacy.

PACENET cardholders enrolled in any other Part D plan will have to pay the Part D plan's premium directly to the Part D plan each month.
