Medicare Part D Plan Information

Partner Plans

By the end of January, all cardholder assignments into the two partner plans will have been finalized and members will have received their SilverScript Choice or WellCare Classic membership cards. By then, pharmacies should have updated their files based on the prescription cards presented by the cardholders. Recognizing this, the Program has decided to discontinue distributing cardholder lists to individual pharmacies as done in previous years. However, these lists will still be available upon request and will be sent by secure e-mail.

PACE/PACENET tries to match the member with the partner plan that will be the least expensive for the cardholder which has resulted in some individuals being reassigned. Also since over 80% of over 300,000 PACE/PACENET cardholders are enrolled in a Part D prescription plan, it is important that **all** prescription cards, not just partner plans, be reviewed to insure that the correct cardholder ID, BIN and PCN is submitted to the primary plan.

Partner Plans for 2015:

PLAN NAME	RxBIN	RxPCN	RxGRP
