## **PROVIDER BULLETIN**

August 13, 2015

### **Prolia® (denosumab) Injection**

Prolia® is prescribed for those patients with osteoporosis and is given as an injection twice a year.

Effective Monday, August 17, 2015, claims submitted to PACE for Prolia® must contain 180 as the days supply.

Claims submitted for Prolia® with a days supply less than 180 days will deny with NCPDP Error “76” accompanied by a message citing the necessary correction.

Questions may be directed to Provider Services at

1-800-835-4080.
