## PROVIDER BULLETIN

January 11, 2017

### Medicare Part D Partner Plans 2017

The 2017 Part D partner plans are SilverScript Choice and WellCare Classic.

- With over 80% all PACE/PACENET cardholders enrolled in a Part D prescription plan, it is important that **all** prescription cards, not just those belonging to partner plans, be reviewed to insure that the correct cardholder ID, BIN and PCN is submitted to the primary plan.
- As you update your cardholder's profile, **be sure to also update the Other Payer ID (the BIN) in the Coordination of Benefits (COB) segment, Field 340-7C.** If you are unsure of the location of this COB information, please contact your software vendor.
- As in previous years, PACE has enacted a transition period to allow providers to finish updating the cardholders' profiles. During this time, PACE accepts claims containing a different BIN in the COB segment than contained on file. **This transition period ends on Monday January 30, 2017.**
- As in previous years, lists of cardholders using your pharmacy and their partner plan are available upon request and will be sent by secure e-mail.
