## Medicare Part D Partner Plans 2018

The 2018 Part D partner plans are SilverScript Choice and WellCare Classic.

Approximately 85% of PACE/PACENET cardholders are enrolled in a Part D plan. Nearly 33% have been assigned to either SilverScript Choice or WellCare Classic. However unlike previous years, most cardholders will remain in the same Part D Partner plan that they were assigned to in 2017. As a result, there will be no transition period in January.

Claims not submitted to the primary payer on file or submitted with a different BIN than contained on file will deny with NCPDP Error 41 "Submit Bill to Primary Payer."

Please review all prescription cards to insure that the correct cardholder ID, BIN and PCN is submitted to the primary plan.
