Incremental Fills- Copay and Dispensing Fee on Initial Fill

Effective Monday, June 13, 2022, Copay for Incremental Fills will no longer be prorated.

- **The copay will be applied to the initial fill only.**
 - **Only if the copay is partially met on the first fill will any remaining copay be applied to the subsequent fills. This will occur on all subsequent fills until the full copay is met.**
 - **If the copay is fully met on the first fill, all subsequent fills will return a \$0 copay.**
- **A dispensing fee up to \$10.49, if applicable, will be paid fully on the initial incremental fill.**
- **This change applies to PACE, SPBP, PAP and all ancillary programs allowing incremental fills.**
